Vermont Community Action Agencies have almost instant capacity for immediate inter- and intra-agency communication about and the troubleshooting of problems through email. Each agency's organizational chart establishes the relationship between field staff and headquarters. Current grants, issues, problems and support are addressed at the level of advocates, program directors and executive directors. The Vermont Community Action Partnership comprised of executive directors, the Chief Administrator of Vermont's Office of Economic Opportunity, Community Service Director, and the Director of the Vermont Low-Income Advocacy Council, meets monthly.

The Subrecipient possesses the capacity to fully implement the services set forth in this grant. The Subrecipient has the depth represented by executive, deputy, human resource and development directors. The Subrecipient’s finance director, with a staff of three, will oversee and closely monitor this grant agreement. The Subrecipient’s agency partners will be monitored by the Subrecipient Financial Future’s Program director and Chief Navigator, who together will also be responsible for direct oversight of Subrecipient’s Navigator team. The program director and Chief Navigator will review Navigator performance monthly. They will also consult with primary supervisor contacts at partner agencies via regularly scheduled conference calls. These

calls (which currently occur every 2-3 weeks) will be an opportunity for discussion of goal achievement, challenges, newly discovered best practices, and will help to ensure the best outcomes for clients. The Navigator team within the organization will also be involved with the conference by means of live meeting or conference call. Issues requiring a next level of management intervention will be brought to the agency executive directors.

Navigator performance at each sub-grantee agency will be the responsibility of primary supervisor contacts. These contacts will, in turn, be evaluated by the Subrecipient program director and Chief Navigator team on a monthly basis. This team will address issues with Subrecipient Navigators directly. Issues with other agency Navigators will be addressed through the sub-grantee's primary supervisor contact. Unresolvable issues will be brought to the attention of appropriate executive directors.

Subrecipient will sign subcontracts with each partner agency, copies of which will be supplied to the State. The subcontracts will specify rules governing use of funds, including compensation, Navigators (e.g., the need to notify Vermont Health Connect should Navigators leave or change roles), expectations regarding outcomes and reporting and other important details of service. In addition, Subrecipient's fiscal and Financial Future's Program directors will make a site visit to each partner during the grant year to monitor grant fiscal record-keeping and compliance with provisions of the subcontracts.

Subrecipient, as the primary applicant, has an information technology specialist and a deputy director who will oversee internal reporting mechanisms and ensure protection of privacy for personal information. Office doors and key files are locked. Authorization is required for computer log in. Information is kept encrypted on a host server. Subrecipient personnel policies, governed by a board of directors, specifically address security of private information and conflict of interest. Subcontracts made with other agencies will define and ensure consistent security and conflict of interest policies at all sites. The Subrecipient and several other Community Action Agencies are updating their database systems to increase capacity for reporting and evaluating outcome measures. Each Community Action Agency has multiple offices within its geographic region. Trained advocates who are well versed in agency services are stationed in those offices. All offices have systems in place, including computers, office supplies, physical office space and transportation, to meet grant requirements.

4. The State's Training Process and Requirements

The State shall provide training and certification to Navigators.

Subrecipient shall be responsible for ensuring that Navigators complete the Navigator training program and pass a certification exam. Subrecipient warrants that training for new Navigators will be provided through a combination of in person, remote/videoconferencing, and on-line training. Certification shall consist of:

1. Completing the full Navigator Training program (approximately 24 hours). The training program specifications will be formally released by the State to the Subrecipient once the State Fiscal Year 16 training program is finalized.
2. Passing a written exam
3. Returning any compliance documents required by VHC
4. Sign the VHC Assister Code of Conduct

Subrecipient warrants that existing Navigators will be required to complete additional training to maintain their certification for the 2015-2016 grant year. Continuing education for existing Navigators will be conducted June through September 2015 and may include a combination of in-person, remote/videoconferencing, and on-line courses.

Subrecipient warrants, and agrees to put in place such measures as are necessary to ensure, that Navigators shall maintain knowledge of and training in all current and newly issued regulations related to Vermont Health Connect throughout the life of this grant.

5. Evaluation of Navigator Organizations

Subrecipient will submit program reports monthly. Reports will be reviewed by the Program Director for progress against engagement and enrollment goals set in this agreement. Vermont Health Connect will provide summary data regarding performance of the Subrecipient on a quarterly basis. The Reporting Tool is an attachment to this agreement in Appendix I – Required Forms.

Finally, Vermont Health Connect will conduct customer satisfaction surveys with Vermonters regarding their experience with Vermont Health Connect, including with the Subrecipient, if applicable. These surveys will be used to evaluate individual Subrecipient staff members' performance, and thus, overall Subrecipient performance. The Subrecipient may be required to distribute surveys to their customers.

6. Subrecipient Deliverables

a. Target Population and Enrollment

The Subrecipient and its partner Community Action Agencies (VCAP) will engage educate and enroll populations in all counties except for Orange, Lamoille and Washington. VCAP's services reach 17 of the 20 largest cities/towns in Vermont. Subrecipient will target the following:

- Open enrollment
 - o Qualified health plans. Reach 2,767, conduct individual consults with 302, submit applications for up to 76 and enroll up to 151. VHC data indicates that approximately 24,800 people in plans from VCAP counties will need to be reviewed.
 - o Medicaid. Reach 4,176, conduct individual consults with 700, submit applications for up to 176 and enroll up to 352. VHC data indicates that 19,700 people in Medicaid from counties VCAP serves will need to be reviewed. This population closely corresponds to typical users of VCAP services.
- Outside of open enrollment
 - o Re-enrolling in Medicaid/Dr. Dynasaur. Reach another 6,875 people, conduct individual consults with 2,052, submit applications for up to 526 and enroll up to 1,056. VHC data indicates that about 50,000 now enrolled in Medicaid/Dr. Dynasaur will need to newly apply. About 40,000 of these people will reside in counties served by VCAP. This population closely corresponds to users of VCAP services.
 - o Qualifying events. Reach 1,613, conduct individual consults with 906, submit applications for up to 226 and enroll up to 453 in qualified plans. Based on an educated and conservative estimation.
- Special populations (served during either open enrollment or outside of open enrollment):
The above goals include service to virtually all of the targeted populations that VHC has identified for 2015-16.
 - o Vulnerable populations. This broad category includes typical users of VCAP services and agencies' databases capture that usage. Defined by whether they fall within the federal poverty guidelines, about 95% of VCAP customers could be considered vulnerable. The Subrecipient's emergency services customers include 30% who are minorities.
 - o Young invincibles. This population also represents a sizeable percentage of VCAP's target population. Approximately 40% of VCAP customers are in this age range.
 - o New Americans/refugees. The Subrecipient served 1,250 New Americans in 2014 and shall target the same figure during this grant year.

b. Outreach and Education

The Subrecipient will utilize and expand current strategies and aim to reach 50,000 total contacts. Outreach strategies will include both a broad range of event types and tactics, and also activities focused on specific target populations.

- Individuals in Medicaid and Dr. Dynasaur. The Subrecipient will use VCAP services to identify individuals during at intake and other contacts with staff.

- Individuals in qualified health plans. The Subrecipient will reach these individuals through broad outreach effort, drawing on diversified programming and community partners.
- Individuals with qualifying events (also needing qualified health plans). The Subrecipient will maintain its capacity for conducting broad outreach, i.e., events that reach the general public state fairs, tabling at libraries and pharmacies, blood drives, etc.

The Subrecipient will also target specific groups:

- Vulnerable populations. A very large percentage of VCAP participants fall into this category, from people with disabilities, to people who are homeless, to those whose income meets poverty guidelines.
- Young invincibles. People under 34 are a large percentage of VCAP participants, and are flagged at intake.
- Change in circumstances. VCAP programs regularly serve people who were recently incarcerated or whose income dropped precipitously due to divorce, job or work hour's loss, transitioning from job to self-employment, or partner abuse.
- New Americans/refugees. The Subrecipient will provide translated materials at direct service interactions, at financial classes, at the Chittenden Food Shelf and Head Start programs.
- Uninsured. The Subrecipient will identify people without insurance at intake, through the Vermont Income Tax Assistance Program (VITA) tax sites, Financial Futures Program, Community Action and agency food shelves. Our business counselors helped identify newly self-employed people needing coverage.
- New Vermonters. Some in this market approach VCAP for housing and other services.

In addition the Subrecipient may also have the opportunity to expand on the use of "One Touch" online, the Statewide assessment and referral system, which the Subrecipient, Visiting Nurse Association, and other organizations partner on. This partnership has the potential to reach 10,000 households per year, via home visitations.

Business Associate may not use or disclose PHI other than as permitted or required by this Agreement or as Required by Law.

3.2 Business Associate may make PHI available to its employees who need access to perform Services provided that Business Associate makes such employees aware of the use and disclosure restrictions in this Agreement and binds them to comply with such restrictions. Business Associate may disclose PHI received in its capacity as Business Associate to Covered Entity for Business Associate's proper management and administration or to carry out its legal responsibilities if a disclosure is Required by Law or if Business Associate obtains reasonable written assurances via a written agreement from the person to whom the information is to be disclosed that the PHI shall remain confidential and be used or further disclosed only as Required by Law or for the purpose for which it was disclosed to the person, and the Agreement requires the person or entity to notify Business Associate, within two (2) business days (who in turn will notify Covered Entity within two (2) business days after receiving notice of a Breach as specified in Section 6.1), in writing of any Breach of Unsecured PHI of which it is aware. 6.1 Business Associate shall report to Covered Entity any Breach of Unsecured PHI, including Breaches reported to it by a Subcontractor, as soon as it (or any of its employees or agents) becomes aware of any such Breach, and in no case later than two (2) business days after it (or any of its employees or agents) becomes aware of the Breach, except when a law enforcement official determines that a notification would impede a criminal investigation or cause damage to national security.

6.2 Business Associate shall provide Covered Entity with the names of the individuals whose Unsecured PHI has been, or is reasonably believed to have been, the subject of the Breach and any other available information that is required to be given to the affected individuals, as set forth in 45 CFR § 164.404(c), and, if requested by Covered Entity, information necessary for Covered Entity to investigate the impermissible use or disclosure. Business Associate shall continue to provide to Covered Entity information concerning the Breach as it becomes available to it. Business Associate shall require its Subcontractor(s) to agree to these same terms and conditions.

6.3 When Business Associate determines that an impermissible acquisition, use or disclosure of PHI by a member of its workforce is not a Breach, as that term is defined in

45 CFR § 164.402, and therefore does not necessitate notice to the impacted individual(s), it shall document its assessment of risk, conducted as set forth in 45 CFR § 402(2). When requested by Covered Entity, Business Associate shall make its risk assessments available to Covered Entity. It shall also provide Covered Entity with 1) the name of the person(s) making the assessment, 2) a brief summary of the facts, and 3) a brief statement of the reasons supporting the determination of low probability that the PHI had been compromised. When a breach is the responsibility of a member of its Subcontractor's workforce, Business Associate shall either 1) conduct its own risk assessment and draft a summary of the event and assessment or 2) require its Subcontractor to conduct the assessment and draft a summary of the event. In either case, Business Associate shall make these assessments and reports available to Covered Entity.

Business Associate shall draft and carry out a plan of corrective action to address any incident of impermissible use or disclosure of PHI. If requested by Covered Entity, Business Associate shall make its mitigation and corrective action plans available to Covered Entity. Business Associate shall require a Subcontractor to agree to these same terms and conditions.

8. Providing Notice of Breaches.

8.1 If Covered Entity determines that an impermissible acquisition, access, use or disclosure of PHI for which one of Business Associate's employees or agents was responsible constitutes a Breach as defined in 45 CFR § 164.402, and if requested by Covered Entity, Business Associate shall provide notice to the individual(s) whose PHI has been the subject of the Breach. When requested to provide notice, Business Associate shall consult with Covered Entity about the timeliness, content and method of notice, and shall receive Covered Entity's approval concerning these elements. The cost of notice and related remedies shall be borne by Business Associate.

8.2 If Covered Entity or Business Associate determines that an impermissible acquisition, access, use or disclosure of PHI by a Subcontractor of Business Associate constitutes a Breach as defined in 45 CFR § 164.402, and if requested by Covered Entity or Business Associate, Subcontractor shall provide notice to the individual(s) whose PHI has been the subject of the Breach. When Covered Entity requests that Business Associate or its Subcontractor provide notice, Business Associate shall either 1) consult with Covered Entity about the specifics of the notice as set forth in section 8.1, above, or 2) require, by contract, its Subcontractor to consult with Covered Entity about the specifics of the notice as set forth in section 8.1

8.5 Business Associate shall notify individuals of Breaches as specified in 45 CFR § 164.404(d) (methods of individual notice). In addition, when a Breach involves more than 500 residents of Vermont, Business Associate shall, if requested by Covered Entity, notify prominent media outlets serving Vermont, following the requirements set forth in 45 CFR § 164.406.

9. **Agreements with Subcontractors.** Business Associate shall enter into a Business Associate Agreement with any Subcontractor to whom it provides PHI received from Covered Entity or created or received by Business Associate on behalf of Covered Entity in which the Subcontractor agrees to the same restrictions and conditions that apply through this Agreement to Business Associate with respect to such PHI. Business Associate must enter into this Business Associate Agreement before any use by or disclosure of PHI to such agent. The written agreement must identify Covered Entity as a direct and intended third party beneficiary with the right to enforce any breach of the agreement concerning the use or disclosure of PHI. Business Associate shall provide a copy of the Business Associate Agreement it enters into with a subcontractor to Covered Entity upon request. Business associate may not make any disclosure of PHI to any Subcontractor without prior written consent of Covered Entity.

Within three (3) business days, Business Associate shall forward to Covered Entity for handling any request for amendment to PHI that Business Associate directly receives from an Individual.

14.2 If Business Associate breaches any material term of this Agreement, Covered Entity may either: (a) provide an opportunity for Business Associate to cure the breach and Covered Entity may terminate the contract or grant without liability or penalty if Business Associate does not cure the breach within the time specified by Covered Entity; or (b) immediately terminate the contract or grant without liability or penalty if Covered Entity believes that cure is not reasonably possible; or (c) if neither termination nor cure are feasible, Covered Entity shall report the breach to the Secretary. Covered Entity has the right to seek to cure any breach by Business Associate and this right, regardless of whether Covered Entity cures such breach, does not lessen any right or remedy available to Covered Entity at law, in equity, or under the contract or grant, nor does it lessen

Business Associate's responsibility for such breach or its duty to cure such breach.

15. Return/Destruction of PHI.

15.1 Business Associate in connection with the expiration or termination of the contract or grant shall return or destroy, at the discretion of the Covered Entity, all PHI received from Covered Entity or created or received by Business Associate on behalf of Covered Entity pursuant to this contract or grant that Business Associate still maintains in any form or medium (including electronic) within thirty (30) days after such expiration or termination. Business Associate shall not retain any copies of the PHI. Business Associate shall certify in writing for Covered Entity (1) when all PHI has been returned or destroyed and (2) that Business Associate does not continue to maintain any PHI. Business Associate is to provide this certification during this thirty (30) day period.

15.2 Business Associate shall provide to Covered Entity notification of any conditions that Business Associate believes make the return or destruction of PHI infeasible. If Covered Entity agrees that return or destruction is infeasible, Business Associate shall extend the protections of this Agreement to such PHI and limit further uses and disclosures of such PHI to those purposes that make the return or destruction infeasible for so long as Business Associate maintains such PHI. This shall also apply to all Agents and Subcontractors of Business Associate.

16. Penalties and Training. Business Associate understands that: (a) there may be civil or criminal penalties for misuse or misappropriation of PHI and (b) violations of this Agreement may result in notification by Covered Entity to law enforcement officials and regulatory, accreditation, and licensure organizations. 17.2 Business Associate shall ensure that any Agent and Subcontractor to whom it provides Electronic PHI agrees in a written agreement to implement and use administrative, physical, and technical safeguards that reasonably and appropriately protect the Confidentiality, Integrity and Availability of the Electronic PHI. Business Associate must enter into this written agreement before any use or disclosure of Electronic PHI by such Agent or Subcontractor. The written agreement must identify Covered Entity as a direct and intended third party beneficiary with the right to enforce any breach of the agreement concerning the use or disclosure of Electronic PHI. Business Associate shall provide a copy of the written agreement to Covered Entity upon request. Business Associate may not make any disclosure of Electronic PHI to any Agent or Subcontractor without the prior written consent of Covered Entity.

and the terms of the contract/grant, the terms of this Agreement shall govern with respect to its subject matter. Otherwise, the terms of the contract/grant continue in effect.

18.2 Business Associate shall cooperate with Covered Entity to amend this Agreement from time to time as is necessary for Covered Entity to comply with the Privacy Rule, the Security Rule, or any other standards promulgated under HIPAA.

18.3 Any ambiguity in this Agreement shall be resolved to permit Covered Entity to comply with the Privacy Rule, Security Rule, or any other standards promulgated under HIPAA.

18.4 In addition to applicable Vermont law, the parties shall rely on applicable federal law (e.g., HIPAA, the Privacy Rule and Security Rule, and the HIPAA omnibus final rule) in construing the meaning and effect of this Agreement.

18.5 As between Business Associate and Covered Entity, Covered Entity owns all PHI provided by Covered Entity to Business Associate or created or received by Business Associate on behalf of Covered Entity.

18.6 Business Associate shall abide by the terms and conditions of this Agreement with respect to all PHI it receives from Covered Entity or creates or receives on behalf of Covered Entity even if some of that information relates to specific services for which Business Associate may not be a "Business Associate" of Covered Entity under the Privacy Rule.

18.7 Business Associate is prohibited from directly or indirectly receiving any remuneration in exchange for an individual's PHI. Business Associate will refrain from marketing activities that would violate HIPAA, including specifically Section 13406 of the HITECH Act. Reports or data containing the PHI may not be sold without Agency's or the affected individual's written consent.

18.8 The provisions of this Agreement that by their terms encompass continuing rights or responsibilities shall survive the expiration or termination of this Agreement. For example: (a) the provisions of this Agreement shall continue to apply if Covered Entity determines that it would be infeasible for Business Associate to return or destroy PHI as provided in Section 14.2 and (b) the obligation of Business Associate to provide an accounting of disclosures as set forth in Section 11 survives the expiration or termination of this Agreement with respect to accounting requests, if any, made after such expiration or termination.
